Hide Abstract

> *Describes how United Vetcare Inc. of Mt. Lau, NJ, implemented its online transaction processi project with the use of Visual dBASE from Borla International of Scotts Valley, CA. Says the bus model of UVC requires processing time-sensiti electronic cash transfers, which required a lot o sophisticated code. Adds that UVC is designed operate with minimal management and clerical*

overhead. Also says Visual dBASE provided t
and an interface that allowed that eased consta
switching between visual components and proc
logic as well as a reusable online class that red
development time. Includes two screen displays
diagrams, and a product resource guide.
